

EUROWALL CUSTOMER TESTIMONIALS

"The walls are very professionally done. They're a very well finished product. Customers have raved about our Eurowall salon – over any of the other 5 stores that we have. Customers feel comfortable and know that they're in a comfortable place – that's what my Customer's want"

- Jeff Bennett
Casa Del Sol

"Great look. Priced the best. Looked at everything out there. Can't get anything like it. Actually changed my plans. Eurowalls were flexible enough to get it done. Look great. Maintenance is easy."

- Dino Catalano
Solar Max

"Nothing has the look of Eurowalls. Our salons are the best looking and busiest in the area. We built 25 rooms in only three days. The Eurowalls staff made everything so easy!"

- Grant Miller
Sun Your Buns

"When we first considered opening a tanning salon we knew we needed to differentiate ourselves from the existing salons in the area. We chose to go 'High-end' with our selection of décor and beds. It worked! In a short period of time we became the most successful salon, by far. Eurowalls played a big part getting the 'wow factor' we intended. When we decide to open our next salon, your will be the first number I call."

- Dee Dee Galata
Sun Spa

"I'm pleased. Ready to do another – maybe two more stores. I'm very pleased with the looks. Some small damage occurred during delivery, but there were extra materials available, so it wasn't a problem"

- Dave Johnson

Pacific Beach

"Like the looks and they're easy to maintain. My other 5 salons have sheetrock and they're a pain. When I had a problem with the system, it was handled in a timely manner. Eurowalls took care of it."

- Larry Pullman
Tan America

"I'm really impressed with the Eurowalls. The only thing I'll ever use. I want upscale places with an upscale look. Eurowalls has really taken care of me, and the walls save so much space."

- Reese Fields
Tanning Retreat

"People love the place. Customers say... 'Oh my God, this is gorgeous...' I liked the ease of assembly. Like the way that the air flows. It's reflected in my electric bill, and there's no built-up 'tanning smell'. After two years, people still ask if the store is brand new..."

- Chris Zimmerman
Tantilizing Tan

"I like the style. Looks real sharp. Just completed my second salon. Bob (the installer) came down and did a superb job. They're real easy to maintain. It's real simple – instead of having too many gadgets, etc. – it just works. Just sent in my plans for my 4th store"

- Mic Hensley
